—You Can Buy With Perfect Confidence at Abingdon—

What is “The Sale of Satisfied Buyers”?

Is It An Empty Name?

The name “The Sale of Satisfied Buyers” has been earned over a period of fourteen years. Thirty-nine auctions and \$580,000 worth of profitable, dependable Shorthorns defends its reputation. This enviable record has inspired confidence on the part of the buyers and sellers. We feel that the cattle to be offered March 19 will add further prestige to the name. Again we repeat, “You can buy with confidence at Abingdon.”

Here's What All This Means to You . . .

1. It means that this group of consignors, proud of the record that has been achieved, will consign only the kind of cattle that will further strengthen the reputation of this sale.
2. It means that our policy of offering cattle in thrifty moderate flesh, rather than the “over-pampered” kind, has proved a success.
3. It means that hundreds of different buyers have displayed their confidence by patronizing this sale and that many good herds have been founded in their entirety through Abingdon purchases.
4. It means that we have offered the kind of cattle buyers have wanted at exactly the right time they wanted them.
5. It means that healthy, profitable cattle have and will continue to be offered, and that the management and consignors have been fair in their treatment of buyers.

—Cattle Correct For Your Needs . . . Prices Correct For Your Purse—

Terms and Conditions of the Sale

Due to the large number that are to be sold, this auction will start promptly at 12:00 o'clock noon, Central Standard Time. The bulls will be sold first.

LOCATION—The sale will be held in the pavilion owned by the Abingdon Sales Company, Inc., in Abingdon, Ill., on Friday, March 19, 1948. Abingdon is located just 12 miles south of Galesburg and may be reached on pavement from every direction. Frequent busses run from Galesburg which is on the main line of the Burlington and Santa Fe railroads. Abingdon is on the Kansas City branch of the Burlington Railroad.

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will assist in loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE—All cattle are sold subject to a sixty day retest for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. All cattle have been blood tested for Bang's Disease within 30 days of the date of this sale. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller, if in as good condition as when bought and if, after a test in the seller's herd he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at the buyer's cost of transportation.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were furnished by the consignor or written from information supplied by the consignors.

All animals in this sale have been tested for tuberculosis and Bang's Disease and health charts will be provided.

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assumes any liability, legal or otherwise.

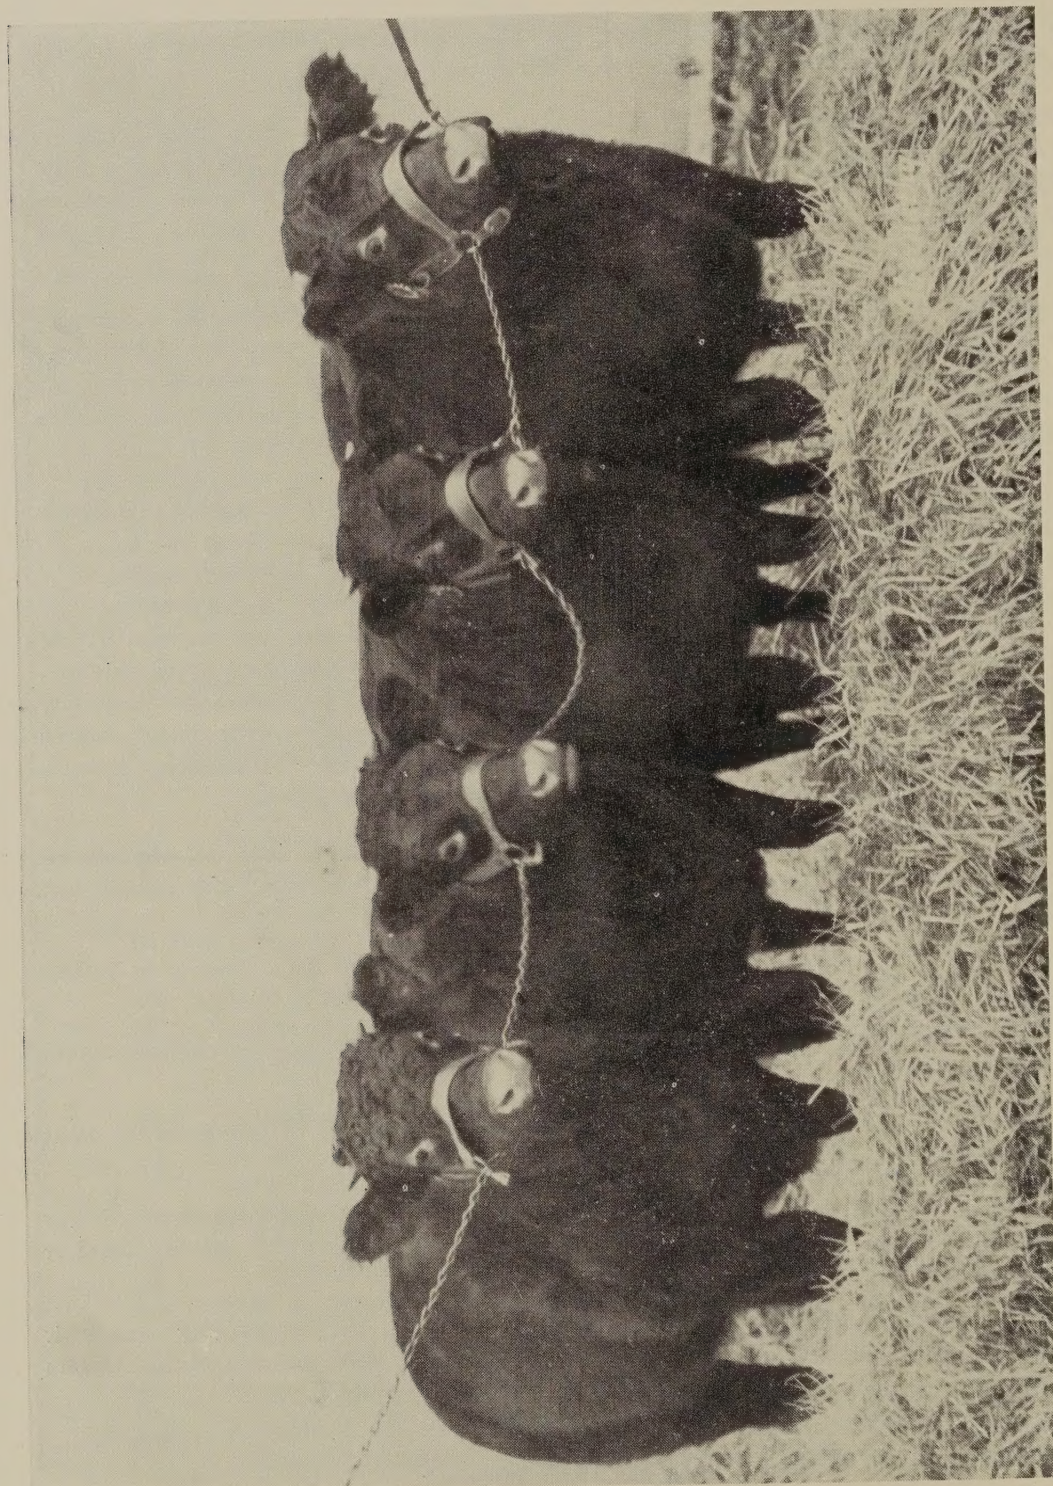

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to the Sale Manager, Hal Longley of The Shorthorn World, Merle Abrams of the Drovers Journal or J. E. Halsey of Wallace's Farmer.

He is sired by the great Edellyn Campeon Mercury. Study his pedigree closely and you will find that he is more than a half brother to the famed Sni-A-Bar Control. Sni-A-Bar Control had the same Calrossie-Goldfinder cross in his dam's pedigree. You know what this mating represented in Sni-A-Bar Control and we'll leave it up to you to decide about this bull on sale day.

Braedoon Gala—For a few months last summer our famous breeding bull Marellbar Impression (Imp.-in-dam) slowed up in settling cows. We selected Braedoon Gala as the bull to follow in his footsteps if he didn't come around. However, Marellbar Impression is now breeding 100% again and as our herd is not large enough for two herd bulls, we have decided to offer this excellent young bull at Abingdon. We have thought enough of this good calf to breed seven or eight of our females to him. He has a strong head (burly and masculine) fleshes easily and is a good quartered bull. A top purebred herd should try him.

Edellyn Goldfinder—He was the sire of Sni-A-Bar Control's dam. Lot 22 is a grandson of this bull.

Victor's Baron—Here is a real show prospect for next year's two-year-old class. He has been defeated for grand champion only once and this was at the Missouri State Fair, where he placed second, standing above Caraway's junior yearling bull that subsequently placed third in the strong junior bull class at Chicago. This bull will be one of the top two-year-old bulls to be shown in 1948. He is loaded with championship breeding. His sire comes from the same breeding that produced the prize winning University of Wyoming steers at Chicago in 1946 and he has a beautiful Clegg Duchess of Gloster pedigree on his dam's side. He is out of the best producing cow in our herd.

Scotsdale Prentice is a smooth, solid red. His breeding and individuality will make him a good buy. Note his long hair coat which is an indication of quality.

The Reason Why

Abingdon offerings are of such high quality is that they are consigned from leading herds of five states. Scan over the list of consignors and you will agree that no regional sale offers stronger bloodlines. If you are anxious to add herd improvers at prices you can afford to pay, this is the place to come.
